STEP 3

Enjoy the peace of mind of having complete health care for your pet all in one simple package.

P.A.W. PROGRAM

For A+ Pet Parents

RIVERSTONE VETERINARY HOSPITAL

PAW PROGRAM PLANS AND PRICING

PRICING (Cat and dog)	JOINING FEE	SUBSEQUENT 11 MONTHS	ANNUAL TOTAL
FIRST PET	\$85	\$35	\$470
ADDITIONAL PETS	\$85	\$32	\$437

Please read the terms and conditions to determine if this product is right for you. Plans are designed to maintain the long term health of your pet and simplify members budgeting with monthly payments. Plan services are provided at significant discounts on our Plans so if you cancel within 12 months of joining, services may have been performed that have not been fully paid for. In this situation you are responsible for the remaining payments of the plan or the full retail value for services used or products provided under the plan less payments made (whichever is less).

RIVERSTONE VETERINARY HOSPITAL

At **Riverstone Veterinary Hospital** we believe healthy pets are happy pets. That is why we offer the **P.A.W. Program** that allows you to provide your dog or cat with an optimum preventative healthcare regime that promotes a long and happy relationship and a healthier than average pet.

In addition to Vaccinations, our Paw Program also takes advantage of additional Health Checks, which include dental and medical reviews, along with valuable diagnostic testing for the ultimate health check up.

Plus there are added member rewards! Unlimited consultations give peace of mind for when that something unexpected happens. Additionally, discounts across Prescription foods and other veterinary services help save hundreds over your pet's lifetime.

Simple ongoing monthly instalments make it easy for family budgeting and takes the frustration of unexpected veterinary bills away. Whether your pet is young or old, there is an option that will suit your situation.

LET US TAKE CARE OF YOU AND YOUR PET. WE ARE COMMITTED TO KEEPING THEM AS HEALTHY AS CAN BE.

Protect your pet year round and see the positive benefits for your pet and your wallet!

WHO WILL GET THE MOST BENEFIT FROM JOINING THIS MEMBERSHIP PROGRAM?

PUPPIES AND KITTENS

The P.A.W membership provides your pet with all three essential vaccinations, all their initial health check-ups, microchipping, plus provides generous discounts on parasite prevention, puppy school and desexing.

ALLERGIES OR CHRONIC DISEASES

Some pets have to see a veterinarian regularly for repeated check ups or ongoing health issues. The P.A.W membership allows for unlimited consultations so you can have your pet seen to as many times as is necessary.

DENTAL TREATMENT

All pets need professional dental care at regular times throughout their life. Our P.A.W program will allow you to save \$250 off the cost of dental treatment, and allow us to run a comprehensive blood test and urine test prior to the anesthetic. This in itself is a massive saving and is done with intention to make dental care affordable for all animals.

OLDER PETS

As pets age, they require a special level of care and support. We are here to ensure that this care is affordable so they live their retirement years in comfort. We will be able to ensure their organ function is healthy with blood and urine tests, and provide care plans for arthritis or other ailments.

NEW PET OWNERS

Getting a new pet is an exciting time but can be a little daunting if you haven't owned a pet before. We will set up a plan on the P.A.W membership to help ease you into pet ownership and ensure you are not left feeling alone during the first year of your pets life.

PETS ON PRESCRIPTION FOODS

Prescription foods can be costly, especially when a pet is on them life-long. Our P.A.W program provides discounts off the prescription foods, and enables free consultations to ensure that the diet is working optimally to enhance your pets health.
